

GALVANIZED STEEL TILES

CLIP-IN (Plain / Perforated)

TECHNICAL DATA SHEET

Features and Benefits:

High-quality properties of non-combustibility and mechanical stability.

Fire & moisture resistance.

Easy to clean, durable, easy to install.

Available as perforated for acoustical usage.

Available in Anti-Bacteria

Environmentally friendly and recyclable.

Applications

Wide range for usage/application area (halls, computer rooms & utility rooms, hospitals, shops, offices, airports, exhibition centers...etc).

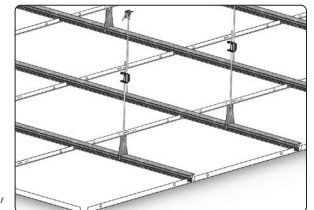

Product Specifications

Material	Galvanized Steel. Comply with ASTM A653M .				
Available Thickness	0.4	0.5	0.6	0.7	up to 1.0 mm
	other thickness available upon request				
Colours	Available in white color & can be produced in any ral colour depending on quantity & client request.				
Finish	<ul style="list-style-type: none"> • Electrostatic polyester powder coating finish with thk=60-80 microns. • Available in pre-painted polyester coating According to EN 1396. • Also in Anti-Bacterial paint upon request. 				
Suspension System	(Concealed) (Clip-In Suspension system Clip-In advanced Suspension system).				
Texture	Available in plain & with full perforation (standard) for acoustical usage(Circular perforation Ø 1.8mm) with acoustical black tissue from the backside, Also customized sizes of perforation & designs are available upon client request.				
Fire Rating (Raw Material)	Fire propagation as per british standard BS 476 Part 6 – 1989.				
	Surface Flame Spread test Class 1 as per british standard BS 476 Part 7 – 1997.				
Humidity Resistance (Raw Material)	Humidity resistance up to 1000 HRS According to EN ISO 6270-2.				
Sizes	600*600/1200mm (Plain / perforated).				
	300*300/1200mm (Plain / perforated)..				
	Customized sizes in length & width from 30 cm up to 3m(Plain / perforated) upon request.				

System Contents (Components)

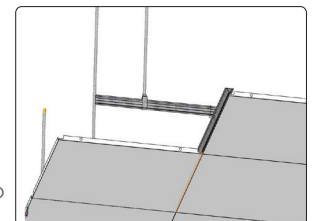

CLIP-IN SUSPENSION SYSTEM (Standard)

1. Galvanized Steel Clip-in ceiling tiles.
2. Spring tee.
3. Spring tee bracket & spring tee joiner.
4. U-shape wall angle.
5. Suspension Accessories (Rod Hangers, Adjustment Clips & Anchor Bolts).

CLIP-IN SUSPENSION SYSTEM (Advanced)

1. Galvanized Steel Clip-in ceiling tiles.
2. Spring tee & spring tee joiner.
3. C-Channel.
4. U-Shape Wall angle.
5. Suspension Accessories (Omega Clip, C-channel Clip, Threaded Rod, Nut, Drop Anchor).
